REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The 35 USC 112, second paragraph rejection has been reconsidered and withdrawn based to the MPEP 2173 guidelines and based on both applicant's remarks and the newly added limitation to the "space with a generally U-shaped cross-section". In view of the dearth of cited evidence regarding this type of structure, in combination with dual shaped parts, of which the applicant cited Raisch et al. reference is closest, the bounds of the claims are deemed to be definite in that applicant is entitled to any structure with the claimed function of "adjustably positioned" with regard to the first and second shaped parts that are "mounted independently of one another". This latter limitation is not present in any cited reference including the Raisch reference wherein a single fastener is used to mount both parts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dennis H. Pedder whose telephone number is (571) 272-6667. The examiner can normally be reached on 5:30-2:00.
